

modeling of atmospheric radiative transfer with ... - modeling of atmospheric radiative transfer with polarization and its application to the remote sensing ... in the atmosphere. therefore, accurate modeling of the radiation field may be used to retrieve information ... have pointed out a new method for detecting tropospheric ozone through remote sensing of the atmosphere by measuring the ...

optical remote sensing of vegetation: modeling, caveats ... - remote sensing of vegetation-modeling, caveats, and algorithms. ii. the physical problem in this section we begin with a brief statement of the physical problem encountered in the optical remote sensing of vegetated land surfaces. forward modeling of the physical problem is developed as boundary value **remote sensing of atmosphere and ocean from ... - springer** - remote sensing of atmosphere and ocean from space: models, instruments and techniques edited by frank s. marzano and guido visconti center of excellence cetemps, university of i^l aquila, i^l aquila, italy kluwer academic publishers new york, boston, dordrecht, london, moscow **the use of remote sensing data for modeling air quality in ...** - nitrogen dioxide (no₂) content in the atmosphere. the main indicator of air quality in ukraine is the air pollution index (api). we have built regression models the relationship between indicators of no₂, which are measured by remote sensing methods and ground-based measurements of indicators. **remote sensing - ceernell** - vening atmosphere. current research involves modeling reflectance from soil with the intent of characterizing the physical properties of the soil, e.g., material, size distribu-tion, water content and density. **remote sensing of soil properties** especially soil moisture - using directional spectral reflectance. **remote sensing of near-infrared chlorophyll a fluorescence ...** - remote sensing of near-infrared chlorophyll a fluorescence from ... on the full modeling of the radiative transfer instead of ... (top-of-atmosphere) fluorescence can be retrieved and how it relates to fluorescence at the surface level. while the **remote sensing of seismic activity on venus using a small ...** - modeling results, a. komjathy¹, a. didion¹, b. sutin¹, ... and can be detected in the atmosphere itself. the venus airglow measurements and orbiter for seismicity (vamos) is a mission architecture concept ... remote sensing of venusian seismic activity with a small spacecraft, the vamos mission concept. **remote sensing data and information for hydrological ...** - remote sensing data and information for hydrological monitoring and modeling reza khanbilvardi, tarendra lakhankar, nir krakauer, rouzbeh nazari, and al powell ... sensing systems are the ability to penetrate the atmosphere under various conditions including clouds, light rain, snow and smoke; as well as the ability of low frequency to ... **remote sensing and modeling of savannas: the state of the ...** - remote sensing and modeling of savannas: the state of the dis-union m. j. hill a, *, n. p. hanan b, w. hoffmann c, ... workshop on remote sensing and modeling savannas. keywords: savanna, remote sensing, structure, ... representation of savannas in land-surface-atmosphere models in shown in figure 2. within the broad categories given, there is ... **the structure and dynamics of atmospheric bores and ...** - the structure and dynamics of atmospheric bores and solitons as determined from remote sensing and modeling experiments during ihop steven e. koch, mariusz pagowski^{1,2}, ... airborne remote sensing systems during the six-week field phase of the international h₂o project **snow and vegetation: remote sensing and modeling** - snow and vegetation: remote sensing and modeling (activities in land-atmosphere interactions at the university of arizona, tucson) michael barlage
